I MADE A DIFFERENCE

Dear friend of the
Great Lakes,

Thank you so much for
your efforts to protect the
Great Lakes! Please keep
this bookmark as a reminder
of how you helped make a
difference for one of our
greatest natural resources.

♻️ PRINTED USING SOY-BASED INKS ON 100% RECYCLED,
100% CHLORINE-FREE, FSC CERTIFIED PAPER

Dear friend of the Great Lakes,
 Please take a moment to fill out the attached postcards and encourage your federal Representative and Senators to support, strengthen and fund comprehensive aquatic invasive species legislation.

HELP STOP GREAT LAKES INVASIVE SPECIES

Dear Senator _____

The Great Lakes are a tremendous asset to the nation, but an onslaught of aquatic invasive species is destroying them, crippling fisheries and costing taxpayers billions of dollars. **Your help is needed to stop the biological invasion!** Please work to fully fund sea lamprey control, and actively support, strengthen and fully fund comprehensive aquatic invasive species legislation that:

Promotes the most aggressive time-line toward prevention through ballast treatment on ships

Ensures the federal construction and operation of a barrier system on the Chicago sanitary and shipping canal

Improves screening provisions for species being imported into the country

Supports essential research, technology development, state management plans and rapid response programs

Maintains states' sovereignty to protect their natural resources

Thank you for preserving Great Lakes natural heritage and regional economies.

Sincerely,
