

Resolution to promote the Canadian Coalition for Green Healthcare

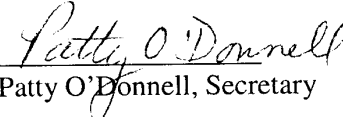

Whereas the health care sector exposes the Great Lakes population to toxic pollutants like dioxin, mercury and phthalates through its use of incineration, PVC and mercury-containing products; and

Whereas Great Lakes United is a member of the Health Care Without Harm campaign to promote environmentally responsible health care; and

Whereas a new coalition of Canadian ENGO health care agencies and hospitals – the Canadian Coalition for Green Health Care – has formed to promote the goals of Health Care Without Harm to the Canadian health care sector.

Therefore, be it resolved that Great Lakes United promote the goals of Health Care Without Harm and the Canadian Coalition for Green Health Care.

I HEREBY CERTIFY THAT THIS IS A TRUE COPY OF A RESOLUTION
ADOPTED AT THE NINETEENTH ANNUAL MEETING OF GREAT LAKES
UNITED ON JUNE 10, 2001.

Patty O'Donnell, Secretary
